

Key to Publishers Listed In This Guide

The following is a listing of publishers whose music is included in the PMEA Adjudication Music Guide. When a listed selection is available from more than one publisher, the editions are listed alphabetically – this does not in any way suggest a preference by the Music Selection Committee. A “*” indicates that any standard edition will be satisfactory. References in the column to the right of the name are to an agent or distributor. If the agent’s code is in parentheses, it has become affiliated with still another company whose code is also given.
