

4.11.18

**Access to Arts Education in PA Public Schools**

Data Source: TIMS (Teacher Information Management System) 2012; 2017

\*Note: Responses provided are based on the Full Time Equivalency (FTE) model, meaning that a teacher who teaches in an arts content area for 60% of the time and another who teaches for 40% would only be counted as one teacher for 100%. Arts-certified part-time teachers and dual-certified full-time teachers who teach arts content for only part of their assignment were assigned only that percent of time for which they teach an arts content area.

\*\*Note: The numbers of teachers reported for dance and theatre are small. PA Dance teachers are certified through Health and Physical Education or Communications certification, and Theatre teachers are certified through English Language Arts or Communications certification, so it is possible that instruction in dance and theatre is taking place but not being reported as such in TIMS reporting.
