

PMEA Act 48 Clinician Instructions

Learning Objectives

Learning objectives for the session must be behaviorally stated and measurable. More information on Learning Objectives, based on the work of Robert Mager, can be found [here](#).

Application of Adult Learning Theory

Check the principles of adult learning theory that are a basis for the instructional design and delivery of your session. For more information on Adult Learning Theory please see the following resources:

- [*8 Principles that Manage the Learning of Adults*](#)
- [*What is Adult Learning Theory & How to Use It in Corporate Learning*](#)
- [*What is Adult Learning Theory*](#)

Danielson Framework for Teaching Domain Components

All Act 48 offerings must be aligned to at least one component of one of the four professional practice domains within the

Danielson Framework for Teaching. Check the components of the *Danielson Framework for Teaching* that are aligned with your session. Explain how the content of the session meets the component(s) you checked.
